

## **Aligra 30** *Lithium based Grease*

### **TECHNICAL DATA SHEET**

#### **Description:**

Veedol Aligra 30 is multipurpose lithium based grease containing high quality graphite as friction modifier.

#### **Performance Specifications:**

Meets & exceeds the performance requirements of

- IS 7623 : 2019

#### **Features/Benefits:**

- High water and oxidation resistance properties
- Possesses excellent anti-corrosion and anti-rust characteristics
- Can withstand high operating temperatures
- Excellent structural stability

#### **Application:**

Recommended for applications requiring graphite as a filler.

#### **Typical Properties:**

<b>Test Parameters</b>	<b>Test Method</b>	<b>Typical Values</b>
Texture	--	Smooth
NLGI Consistency	--	3
Soap type	--	Lithium
Worked Penetration, 60st @25°C	ASTM D 217	240
Drop Point, °C	ASTM D 2265	190

Properties mentioned above are typical only and minor variations which do not affect the product performances, are to be expected in normal manufacturing.
