

Alimoly 20

Lithium based Grease

TECHNICAL DATA SHEET

Description:

Veedol Alimoly 20 is a lithium soap multipurpose grease containing Molybdenum disulphide. It is formulated with highly refined base stocks and latest technology additives.

Performance Specifications:

Meets & exceeds the performance requirements of

- IS 12203 : 99 Grade 3 (Reaffirmed 2019)

Features/Benefits:

Fortified with MoS₂ for operation under shock loads.

Application:

Recommended for applications where fretting corrosion is a problem.

Typical properties:

Test Parameters	Test Method	Typical Values
Texture	--	Smooth
NLGI Consistency	--	2
Soap type	--	Lithium
Worked Penetration, 60st @25°C	ASTM D 217	285
Drop Point, °C	ASTM D 2265	194

Properties mentioned above are typical only and minor variations which do not affect the product performances, are to be expected in normal manufacturing.
