## **CHAIN LUBE**

### **MOTORCYCLE CHAIN OIL**

#### **DESCRIPTION**

Veedol Chain lube is a high performance, extremely tacky chain lubricant specially designed to lubricate motorcycle chains. The spray penetrates into the links and pins of the chain providing excellent lubrication, corrosion and wear protection.

Veedol Chain lube is available in aerosol containers. The aerosol jet action helps in reaching the lubricant at the right place.

#### **APPLICATIONS**

Recommended for lubrication of all types of standard drive chains with wide operating temperature range of  $-10^{\circ}\text{C}$  to  $150^{\circ}\text{C}$ .

#### **FEATURES/BENEFITS**

- Reduces friction and loss of power.
- Increases chain life and avoid stiff links.
- Does not drip.
- Excellent anti-wear property increases chain durability.

#### **DIRECTION FOR USE:**

- Shake the container before use.
  - Use extension tube for better application.
  - Use with adequate ventilation.
  - Spray over entire length of the chain and wait for 5 minutes.
- 
- A thick, solid red horizontal bar spanning the width of the page near the bottom.
