

TECHNICAL DATA SHEET
One Step Rubbing Compound
GRC TWO

Product Description:

GUNK One Step Rubbing Compound formula removes light scratches, swirl marks, oxidation, contamination, water spots etc. and leaves a high gloss shine. The easy-to-use formula can be applied by hand or machine. The product is formulated with fine cut ingredients and professional grade polish oil to quickly and safely restore finishes to like- new.

Can be used on all colours.

Benefits:

- Effective scratch removal.
- Excellent gloss restoration.
- High gloss final finishing compound.

Directions for use:

1. Pour a small amount of the compound onto a buffing pad, microfiber cloth or a suitable applicator, apply, and rub within 2-3 sq. ft. sections in a circular motion.
2. Allow to dry to a haze, remove haze with a clean, dry microfiber cloth.
3. Run towel frequently for best buffing action.

Application Area: Can be used all kinds of surfaces.
