

Ahonol 7

Neat Cutting Oil

TECHNICAL DATA SHEET

Product Description:

Veedol Ahonol 7 is light bodied neat cutting oil specially formulated for use in honing operations.

Features/Benefits:

- Excellent lubricity and outstanding cooling characteristics
- Assists in fast removal of the generated debris and prevents “stone gazing”
- Gives excellent surface finish to the components worked
- Improves tool life

Application:

Veedol Ahonol 7 is of a non-staining type and can be effectively used for the machining of both ferrous and non-ferrous metal components.

Typical Properties:

Test Parameter	ASTM Test Method	Typical Values
Kinematic Viscosity, @ 40°C, cSt	ASTM D 445	3.91
Flash Point (COC), °C	ASTM D 92	126
Pour Point, °C	ASTM D 97	-15

Properties mentioned above are typical only and minor variations which do not affect the product performances, are to be expected in normal manufacturing.
