

GUNK Veedol Chain Lube

TECHNICAL DATA SHEET

Product Description:

Gunk Veedol Chain Lube is a lubricant for two-wheeler chain elements subjected to corrosive influences and high-speed applications. The spray has excellent adhering, creeping and water repellent properties thus providing efficient lubrication for chains operating under heat or humid conditions.

Benefits

- Protects rubber 'O' rings on heavy duty chains from rust and corrosion
- Does not allow dirt to get accumulated on chain
- Prevents elongation, friction, wear of chain
- It acts as a noise muffing agent
- Increases chain life and avoid stiff links
- Does not drip

Application

- Suitable for lubrication of all types of standard drive chains with wide operating temperature range of -30 'C to 150 'C

Typical Properties

Test Parameter	Test Method	Specification
Appearance	Visual	Clear Liquid
Colour	Visual	Amber
Density @29.5 °C, g/ml	ASTM D 4072	0.85 to 0.88
Odour	'----	Characteristic
Propellant	-----	Eco-friendly blend of propane & Butane

The above typical properties are those obtained with normal production tolerance and do not constitute a specification. Variations that do not affect product performance are to be expected during normal manufacturing processes and at different blending locations. The information contained herein is subject to change without notice.

Packing: 150 ml Can Size

Storage: Keep in cool dry place

Direction for Use

- Shake the container before use
- Use extension tube for better application
- Spray over entire length of chain and wait for 5 minutes

Caution: Flammable harmful or fatal if swallowed, Eye & Skin irritant.

Exposure Symptoms:

Inhalation: Exposure to vapor may cause light headedness or drowsiness. Move person to fresh air. If breathing is labored, administer oxygen. If symptoms develop, obtain medical attention.

Skin Contact: The use of gloves is recommended, but not necessary.

Eye Contact: Liquid may cause slight irritation. If eye irritation persists, rinse with water for several minutes. Wear safety glasses

Ingestion: Do not eat or drink when using. If swallowed, rinse your mouth and drink plenty of water. If symptoms develop from exposure, seek medical attention
