

Liquid Wrench Penetrating Oil

Penetrating oil L112TWO

TECHNICAL DATA SHEET

Product Description:

Liquid Wrench Penetrating Oil is a fast-acting, anti-seize formula that penetrates corrosion and loosens rusted bolts and parts.

Liquid Wrench Penetrating Oil is designed with CERFLON (ceramically reinforced PTFE technology) which ensures long lasting lubrication and increases durability.

Benefits:

- Provides optimal penetration
- Fast acting, anti-seize formula
- Dissolves rust & cuts through grease
- Reduces friction and prevents wear •
- Low odor, low VOC's •
- Safe on metal, painted surfaces, plastic & rubber. •

Direction for use:

Shake well. Spray liberally on rusted parts. Allow to soak. Tap or vibrate parts to help loosen, reapply and repeat process until parts come free.

Storage, Handling and Disposal:

- Do not expose to heat, sparks or flames.
- Store in a cool, dry area below 120°F/49°C.
- Do not puncture, crush or incinerate can. •
- Dispose of product, container and residue according to all local, state and federal laws and • regulations.
- Keep away from children and animals

Danger:

FLAMMABLE. FIRE AND EXPLOSION HAZARD: Use only in a well-ventilated area away from heat, sparks, and flames. Do not place container in contact with hot surfaces, batteries or electrical current, because of risk of violent bursting and flash fire. Use added caution in confined areas such as basements and automobile compartments.

BREATHING & INGESTION HAZARDS: Inhaling concentrated vapors intentionally or otherwise may cause death without warning.

CONTACT HAZARD: Eye and skin irritant. Harmful or fatal if swallowed. Prolonged skin contact may cause dermatitis

Contents under pressure.

First Aid:

EYE CONTACT: Flush thoroughly with water for 15 minutes while lifting eyelids and get prompt medical attention. SKIN CONTACT: Wash with soap and water. If irritation develops, get prompt medical attention. **INHALATION:** Move to fresh air. If breathing becomes difficult, get prompt medical attention. **INGESTION:** Do not induce vomiting. Call Poison Control Center, Physician or Hospital Emergency Room immediately.
