

OB 2T

Premium 2 Stroke Outboard Engine Oil

TECHNICAL DATA SHEET

Product Description:

Veedol OB 2T is a high performance, two-stroke engine oil developed specially for high performance, water-cooled two-stroke engines used in outboard marine applications.

Veedol OB 2T is formulated with high quality base oils and special additives providing exceptional overall engine cleanliness, reduced spark plug fouling and protection against rusting.

Performance Specifications:

Meets & Exceeds the performance requirement of

- JASO FC
- API TC
- ISO-L-EGC
- TISI 1040-2534
- BIS T-SL4

Features/Benefits:

- Unique detergent additive system helps to remove carbon deposits from the engine surface.
- Provides excellent lubricity.
- Easy miscibility with fuel.
- Reduces exhaust port blockage, emits low smoke and facilitates easy start.

Application:

Recommended for use in modern high-performance, water-cooled, two-stroke engines, as well as, smaller or older outboard engines.

Typical Properties:

Test Parameter	ASTM Test Method	Typical Values
Kinematic Viscosity, @ 100°C, cSt	ASTM D 445	9.5
Viscosity Index	ASTM D 2270	110
Flash Point (COC), °C	ASTM D 92	124

Properties mentioned above are typical only and minor variations which do not affect the product performances, are to be expected in normal manufacturing.
