

GUNK Veedol Diesel Additive

TECHNICAL DATA SHEET

Product Description:

Gunk Veedol Diesel Additive helps clean the fuel system to maximize fuel engine performance of diesel engines. Specially formulated to effectively clean the fuel system, improve the fuel economy, boost cetane numbers to help improve combustion performance, improve lubricity, prevent gum formation and provide protection against corrosion.

Benefits

- Minimizes the amount of sludge and fuel tank contaminants
- Cleanse and protect the fuel system parts.
- Eliminate gum, varnish and deposit formation from fuel tank to prevent plugging.
- Enhances power and diesel fuel economy.
- Improve cetane rating.
- Protect the engine against low sulphur fuels to reduce wear.

Typical Properties

Test Parameter	Test Method	Specification
Appearance	Visual	Clear Liquid
Colour	Visual	Water White - Pale Yellow
Density @29.5 ºC	ASTM D 4072	0.78 ± 0.05
Odour	'	Characteristic
Flash Point (PMCC)	ASTM D 93	60 minimum

The above typical properties are those obtained with normal production tolerance and do not constitute a specification. Variations that do not affect product performance are to be expected during normal manufacturing processes and at different blending locations. The information contained herein is subject to change without notice.

Packing: 250 ml

ucking. 230 mm

Storage: Keep in cool dry place

Best Before 24 months from date of Manufacture

Rev 00 June 2024

Caution: Flammable harmful or fatal if swallowed, Eye & Skin irritant.

Exposure Symptoms:

Inhalation: Exposure to vapor may cause light headedness or drowsiness. Move person to fresh air. If

breathing is labored, administer oxygen. If symptoms develop, obtain medical attention.

Skin Contact: The use of gloves is recommended, but not necessary.

Eye Contact: Liquid may cause slight irritation. If eye irritation persists, rinse with water for several

minutes. Wear safety glasses

Ingestion: Do not eat or drink when using. If swallowed, rinse your mouth and drink plenty of water. If

symptoms develop from exposure, seek medical attention
