

**Turbostar 20W-50 SM**  
*Passenger Car Motor Oil*  
*Advanced mineral*

**PRODUCT DATA SHEET**

**Product Description:**

Turbostar 20W-50 is a multi-grade engine oil formulated with premium base oils fortified with latest technology performance additives providing protection under wide variety of operating conditions.  
Veedol Turbostar 20W-50 is suitable for use in petrol engine passenger cars where API SM & SAE 20W-50 oil is desired.

**Performance Specifications:**

Meets & exceeds the performance requirement of

- API SM

**Features/Benefits:**

- Possesses improved oxidation stability and anti-rust properties.
- Excellent protection under a wide variety of operating conditions.
- High performance engine oil enhances power to achieve peak vehicle speed.
- Provides adequate cushions for reducing engine vibrations and delivers smoothest ride.
- Unique anti-wear formula keeps engine components protected, and power maintained like new engine.

**Application:**

- Veedol Turbostar 20W-50 is suitable for use in petrol engine passenger cars where API SM & SAE 20W-50 oil is desired.
- Also suitable for use in CNG/LPG cars

**Typical Properties:**

Parameters	Test Method	Results
Density @ 29.5°C	ASTM D4052	0.875
Kinematic Viscosity @ 40°C, cSt	ASTM D445	167.12
Kinematic Viscosity @ 100°C, cSt	ASTM D445	19.95
Viscosity Index	ASTM D2270	138
Flash Point (COC), °C	ASTM D92	246
Pour Point, °C	ASTM D97	-27
Total Base Number, mg KOH/g	ASTM D2896	6.95

The above typical properties are those obtained with normal production tolerance and do not constitute a specification. Variations that do not affect product performance are to be expected during normal manufacture and at different blending locations. The information contained herein is subject to change without notice.

**STORAGE:**

All packages should be stored under cover. It should not be exposed to direct sunlight, intense cold and extreme temperature fluctuations. Where outside storage is unavoidable, drums should be laid horizontally or properly covered to avoid the possible ingress of water and damage to drum markings.

**HEALTH AND SAFETY:**

The information on this product is available in the Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information, we recommend you review the MSDS. If handled correctly, there are no special precautions suggested.
