

SILK SHIELD ULTRA GREASE**LITHIUM BASED GREASE****DESCRIPTION**

Veedol Silk Shield Ultra Grease is a premium lithium based grease of NLGI 3 consistency.

PERFORMANCE SPECIFICATIONS

Meets & exceeds the performance requirements of

- IS 12203 : 99 (Reaffirmed 2014)

APPLICATIONS

Recommended for the anti-friction bearing of all heavy duty commercial vehicles.

Specially developed for high performance wheel bearing applications.

FEATURES/BENEFITS

- Provides excellent anti-wear shield to the bearings.
- Helps to achieve a longer grease service interval.

CHARACTERISTICS

Test Parameter	Test Method	Typical Value
Appearance	–	Red
Texture	–	Medium Fibrous
Soap Type	–	Lithium
Worked Penetration, 60st @25°C	ASTM D 217	240
Drop Point, °C	ASTM D 2265	195
Free Alkalinity (as LiOH), % mass	ASTM D 128	< 0.1
Copper Strip Corrosion	ASTM D 4048	Negative
Bearing Performance Test	–	Passes
