

SILK SHIELD ULTRA PLUS GREASE**LITHIUM BASED GREASE****DESCRIPTION**

Veedol Silk Shield Ultra Plus grease is a specially formulated improved premium lithium based grease of NLGI 3 consistency with ISO VG 220 base oil viscosity.

APPLICATIONS

Recommended for extended grease life in wheel bearings of all heavy-duty vehicles.

FEATURES/BENEFITS

- Improved anti friction and load carrying performance.
- Good mechanical stability.
- Provides excellent anti-wear shield to the bearings.
- Extended life of grease.

CHARACTERISTICS

Test Parameter	Test Method	Typical Value
Appearance	–	Reddish
Texture	–	Medium Fibrous
Soap Type	–	Lithium
Worked Penetration, 60st @25°C	ASTM D 217	220 - 250
Drop Point, °C	ASTM D 2265	190 min
EP four ball weld load, kgs	ASTM D 2596	250 min
Base oil viscosity at 40°C, cSt	ASTM D 7042	198 - 242
