SYNTRON 5W-30 ACEA A5/B5 API SN

FULLY SYNTHETIC PASSENGER CAR ENGINE OIL

DESCRIPTION

Veedol Syntron 5W-30 is fully synthetic advanced technology premium engine oil designed for use in new generation petrol and diesel passenger cars. It is highly suitable for BS-VI engines and ensures durability of after treatment devices.

Veedol Syntron 5W-30 is formulated with superior quality synthetic base oils and modern additive technology for use in engines designed for low viscosity engine oils.

Veedol Syntron 5W-30 delivers outstanding performance and protection even at severe operating conditions.

PERFORMANCE SPECIFICATIONS

Meets & exceeds the performance requirement of

- ACEA A5/B5
- API SN

APPLICATIONS

- Recommended for use new generation passenger cars & SUVs such as all Maruti diesel cars, Maruti Vitara Brezza, Hyundai Creta, Kia Seltos, Ford EcoSport, Toyota Urban Cruiser etc.
- Suitable for modern passenger cars & SUVs equipped with BS-VI engines.

FEATURES/BENEFITS

- Support fuel efficiency.
- Exceptional engine cleanliness and sludge prevention.
- Ideal for stop and go city driving conditions.
- Longer engine life and durability.
- Excellent cold start performance.
- Exceptional long term anti-wear characteristics.

CHARACTERISTICS

Test Parameter	Test Method	Typical Value
Kinematic Viscosity @ 100°C, cSt	ASTM D 445	10.8
Viscosity Index	ASTM D 2270	159
Flash Point, (COC) °C	ASTM D 92	236
Pour Point, °C	ASTM D 97	-39
CCS Viscosity @ -20°C, mPa.s	ASTM D 5293	6200
